

Accessories

A range of **high quality accessories**, designed and manufactured specifically for use with the our range of **professional sprayers**.

Turftracker

The TurfTracker foam marking system drops a ball of foam, creating an easily visible track to follow.

It clearly shows the sprayed area, so avoiding the risk of overlapping or missing target areas. It is quick and easy to install and with it's universal design it fits most makes and models of pedestrian sprayers.

The TurfTracker can also be used on pedestrian sprayers with a boom width of up to two metres. All parts required for fitting to both spreaders and sprayers are included.

Key points

- Helps avoid overlapping and missed areas
- Universal fitting design
- Easy to assemble and use
- Works with sprayers and spreaders

Driftmaster

The Driftmaster is a 1.2 metre wide covered boom that is compatible with all our Trojan and Cub sprayers.

The Driftmaster is a lightweight fibre glass covered boom system that can be retro-fitted to existing machines. It has a detachable material skirt and colour coded quickfit nozzles with anti-drip valves.

Key points

- Retro fits to existing sprayers
- Compatible with all Trojan and Cub sprayers
- Easy to fit and use

TT Foam

- Ideal for use with TurfTracker
- Economical foam marker concentrate
- Simple and easy to use
- Foam blobs are harmless to turf when used as directed
- Pack: 1 litre

WARRANTY

Each sprayer comes with a one year warranty as standard. In the unlikely event that the sprayer breaks down in the first year, we will arrange for it to be returned to the manufacturer, where it will be thoroughly tested and any faults repaired.

Pedestrian Sprayers

For the precise application of liquid fertilisers and pesticides.

Professional Turf Care and Amenity Solutions

Trojan SPR30

2 WHEEL

Trojan SPR30 Sprayer 2 WHEEL

The Trojan SPR30 is a two wheel, 30 litre capacity professional quality pedestrian sprayer.

It can be used to accurately apply a wide range of products onto areas such as golf greens, bowls greens, cricket pitches, sports pitches and ornamental lawns.

The SPR30 is manufactured in the UK to the highest standards by an established company with many years experience in the design and manufacture of both large and small sprayers in the amenity and agricultural market.

The wheelbarrow style handles on the Trojan SPR30 perfectly balance the unit on its 2 wheels.

The boom can be moved into an upright position for storage and transportation purposes. The quick fit nozzles are a great time saver, they are easily changed, just twist the unit until the desired nozzle is selected.

Specification

- 30 litre polythene tank (removable)
- 2 metre, 4 nozzle, removable front folding boom
- Quick release coupling for hand lance
- Heavy duty 12 volt battery
- High output pump (14 litre per minute)
- Triple nozzle bodies (Quickfit)
- 2 wheels with pneumatic tyres
- Liquid agitation or spray valve
- Operator can keep the solution in agitation between filling and spraying
- Compatible with Driftmaster shrouded boom
- Powder coated steel chassis
- Integral charging point

Trojan SPR30

Tank

Removable 30 litre polythene tank

Boom

2 metre width, with 4 sets of triple nozzles. The boom is removable and height adjustable.

Nozzles

Triple nozzles - colour coded red, yellow and blue. Quickfit with check valves.

Battery

Heavy duty, 12 volt quick charge battery and charger

Pump

High capacity Flojet pump - 14 litres per minute

Controls

Full sprayer controls, filtration, pressure gauge and regulator, main on/off switch

Other Standard Fittings

Quick release coupling for hand lance. Plug socket for battery charger. TurfTracker fittings.

Weight & Dimension

Weight: 25kg, Transport width 0.5m

Optional extras

Driftmaster shrouded boom, TurfTracker foam marking system, Hand lance kit, Boom isolation valves, 3m 6 nozzle boom.

Spares

A comprehensive range of spares are available on a next day service.

Trojan SPR60

3 WHEEL

Trojan SPR60 Sprayer 3 WHEEL

The Trojan SPR60 is a three wheel, professional quality pedestrian sprayer. It has a 60 litre capacity spray tank that fills the gap between the small pedestrian sprayers and the larger tractor mounted units.

The sprayer can be used to accurately and precisely apply a wide range of products such as fungicides, herbicides, insecticides, wetting agents and liquid fertilisers.

All of our Trojan sprayers are hand built in the UK by professional craftsmen to the highest standards.

The Trojan SPR60's 60 litre tank will treat a full size bowling green, a large cricket square or 3 x 500m² golf greens.

The third wheel helps with the added weight of the larger spray tank, making the whole unit well balanced and highly manoeuvrable. The high output pump is essential when applying worm control products and other chemicals that require a high water volume rate.

Specification

- 60 litre polythene tank (removable)
- 2 metre, 4 nozzle, removable front folding boom
- Drain cock under spray tank for easy emptying
- Heavy duty battery
- High output pump (14 litre per minute)
- Triple nozzle bodies (Quickfit)
- 3 wheels with pneumatic tyres
- Liquid agitation or spray valve
- Height adjustable handle
- Operator can keep the solution in agitation between filling and spraying
- Compatible with Driftmaster shrouded boom
- Powder coated steel chassis
- Integral charging point

Cub Standard

2 WHEEL

Cub Standard Sprayer 2 WHEEL

Based on the Trojan SPR30, the Cub is a professional two wheel sprayer that is an ideal choice for those on a budget but still looking for an easy-to-use, well built, reliable spraying machine.

The Cub sprayer retains many of the attributes of the Trojan SPR30 such as the 30 litre capacity spray tank, 2 metre boom, which is completely removable and adjustable and pneumatic tyres.

The Cub is ideal for use on bowls greens, lawn tennis courts, large gardens and similar grass areas where some of the features of the Trojan SPR60 would not be required.

Cub

Tank

Removable 30 litre polythene tank

Boom

2 metre width, with 4 sets of single nozzles. Removable and height adjustable.

Nozzles

Single nozzles - Quickfit with check valves.
